

## New Family Referral Program

ScuttleBugs is honored that you have chosen us to care for and educate your child in collaboration with your family. We realize it is a decision you did not take lightly, and we appreciate the confidence you have in us.

We further appreciate the referrals of your friends and family members to ScuttleBugs because it highlights your trust in us. Thank you for your referrals! As a token of our gratitude, we have implemented a New Family Referral Program, which includes benefits for former families who make referrals to us.

Below are the details of the program.

### Referral Details

Referral benefits are given in cases where the referred family remains enrolled for at least 3 months after the child(ren)'s start date.

- If both families are still enrolled after 3 months from the start date:
  - The referred family receives free registration (\$200 tuition credit per enrolled child).
  - The referring family receives a \$400 tuition credit on their account.
- If the referred family is still enrolled after 3 months, but the referring family is either a former family or no longer enrolled after 3 months from the referred family's start date:
  - The referred family receives free registration (\$200 tuition credit per enrolled child).
  - The referring family receives \$200. The referring family can choose to have this paid either as:
    - a contribution to their child's 529 College Fund,
    - a donation to their 501(c)(3) charitable organization of choice,
    - or as a check sent to the referring family.

Note: ScuttleBugs **must** be informed ***prior to the referred family's tour*** who they were referred by.
